

AMENDMENTS TO THE ABSTRACT

Please amend the Abstract as follows:

~~The invention relates to a~~ heat exchanger plate (1) ~~comprising~~ includes a number of turbulence-promoting protuberances (4) that project from the plane (3) of the heat exchanger plate. The protuberances (4) have a surface profile (6) for promoting break-up of laminar boundary layers. ~~The invention also relates to a~~ plate heat exchanger ~~comprising~~ can be made using such heat exchanger plates (1).
